A three-heat Monza-style main event will climax the United Racing Assn.'s Southwest Championship auto race Saturday night at Ascot Stadium.

Starting at 8:30 p.m., the program will feature 24 cars battling in the three 20-lap sections of the nightcap.

AT THE END of the first and second heats, the cars will be halted, then re-started in reverse order to their running positions at that point. The winner will be determined on

DATES SET FOR CITY SLO-PITCH SOFTBALL FINALS

Adult Athletics Director Red Moon of the Torrance Recreation Department has announced that the city's softball and slo-pitch softball championships will be held during the next two weeks. Industrial Softball League Leaders Independent Builders and South Bay Church of God will play off for the second round title next Tuesday after both finished the regular campaign with identical 8-1 records.

Independent took the first half after gaining a playoff verdict over the same church nine.

Defending city champ Tappa Keggas will put their Blue League crown on the block against Carbine Chemical and Just For Fun (Red League) and the Torrance Elks (Service League) vie in the second contest.

Finals are slated for Thursday, Sept. 15th at Torrance Park.

"Fixes" and Reversals

The American "tout," unlike his colorful English counterpart, is a petty racketeer who gives a different horse to each different "client" in a race, thus giving a winner to a portion of his clientele who are forever convinced that they have been "in on a fixed race."

At Saratoga some years back a movie company making a film concerning Man o' War tried to fix a race with the full approval of everyone concerned . . . except the horses. The sequence was to show Upset beating Man o' War in the Sanford Stakes, the only race Big Red ever lost. The race had to be run three times before they got a shot with "Upset" crossing the wire first. Washington Park had a similar experience in an attempt to "re-run" the first American Derby on its 50th anniversary. The pageant went according to script but for one thing . . . the wrong horse won.

Francis P. Dunne, steward for the New York State Racing Commission, has a good personal reason not to eye every form reversal cynnically. Some 30 years ago Dunne was trainer of a horse named Old Faithful. After the well-backed Old Faithful had failed to live up to his name on several occasions, Dunne decided that he "just wasn't much horse" and placed no bet on him in his next start. You guessed it. Old Faithful got his nose down in front at a cool 100 to 1.

Locals Tiff Coachella in Hawthorne Tonight After Gaining Nod in 0-0 Tie

Torrance and Coachella Valley—a couple of all-star baseball teams which limped past the semi-final round on the graces of a tie-breaking total base point system—will collide for the Southern California Municipal Athletic Federation (SCMAF) tournament championship tonight at Prairie Park in Hawthorne.

Game time for the finals of the first annual classic for 13-15-year-old boys is 7:30 p.m.

The Torrance nine—sponsored by the Chamber of Commerce—didn't score in its last outing against Glendale but came out smelling like a rose anyway, thanks to the shutout pitching of reliable Carey Hubert and the base-point-system which gave the locals an 11-7 edge.

COACHELLA VALLEY made it into the finals by gaining a 34-33 win—via the same total base point system—over South Torrance after the two teams battled to a two-hour 7-7 tie.

Five home runs were slugged in that one, three by Coachella Valley.

South, which scored a 10-0

BO PALICA All-Star Manager

win in its only previous start, managed to come up with the tying marker in the 7th inning Tuesday only to fall just one total base shy of the Coachella Valley all-stars. And because of it they will watch tonight's tilt from the bleachers instead of the dugout.

Two homers in the third inning provided five runs for Coachella and erased a 2-0 lead. South spent the rest of the night catching up, but to no avail.

Starting pitcher Eric Spellman fanned the first five batters he faced, but then couldn't find the plate in the third round when he was rapped for two homers.

Johnny Butterfield (2-4) and Richard Grossman (3-4) each socked homers for the losers.

TORRANCE, meanwhile, had reached the final-round berth on Monday after Hubert gained technical credit for his third tournament pitching victory.

Manager Bo Palica's contingent could collect only one hit—a 5th inning leadoff single by O'Neill, but three bases on balls and a hit batter plus some daring and smart base running provided for the 11 total bases reached—and the "victory."

Hubert yielded four hits—all singles—and walked only one batter. He struck out 14. In 14 innings of SCMAF tournament pitching, Carey, a 15-year-old righthander, has been nicked for only one run on five hits. His three-game strikeout total 33, an average of 2.3 per inning.

He will probably start tonight's tilt, too.

HOT SPOTS
 By BEN and PAUL SMITH

That's our boy, Tim. He went deer hunting for the first time and really showed up the old pro's by getting himself this nice 115-pound (high rack) with his first shot, one and half hours after starting to hunt.

We've seen a lot of silly grins on the faces of the fellows that went and didn't do so good. "Beginners luck" is their excuse.

Tim went with his uncle Paul, Wiley Pinson, Lloyd Fullerton, Sgt. Rickman and Sgt. Amberson to Hunter Liggett in Monterey County. They brought home four deer. The last thing in the world I would do is tell the names of the two who didn't connect, but their initials are P. S. and W. P.

If the town looks a little deserted today it's because dove season opened up this morning and many Torrance hunters are out trying their luck. We will have a lot of good stories to tell next week and a lot of Hot Spots to report on.

Suggestion to those staying home the Labor Day weekend who want some good fishing have a boat or can rent one. Fishing to the right of Belmont Pier, just inside the bouys, is excellent. All Coast went Tuesday with a boat load of kids and they hit the jack pot, getting sea bass, halibut, surf perch, bonita, sand bass & barracuda. Use live bait and every cast will be one of these variety of fish. Drift in as close to shore as is safe, go out and drift in again. This is an inexpensive and exciting fishing trip.

The season at Lake Irvine closes Sept. 6th. Although there are only a few days left, the fishing is the best of the season.

Lee Burris of 1830 W. 154th St. Gardena, is now leading in our bass derby with a six and three quarter pounder, caught there last week.

He uses Big Shannon spinners and a 1/4 oz. weight. His "Hot Spot" is the opposite end of the dam, near the docks, out from the tullies in the middle of the lake. He cast out as far as he can, then runs the boat up 50 ft. He then has about 125 ft. of line out, let's it sink to the bottom and drags up slowly.

He and his buddies have brought in limits every time they have been out. Nothing under three pounds and lots of four to six pounders.

We have heard about the big ones in the middle of the lake, for years, but just didn't quite know how it was done. Now, we all know. If you go, good luck and if you just happen to get one bigger than Lee's come in and register it with us. Have a good time over the holiday, but BE CAREFUL.

Albacore Moving Out Of Range in San Diego Fishing Derby
 CAN DIEGO — Although yellowtail catches at the Coronado Islands last weekend took an unexpected dip, the big fish still are rolling in at a pace which is expected to turn the last two weeks of qualifying in the \$25,000 Yellowtail Derby into a battle down to the wire.

Albacore moved out of range of the San Diego sport-fishing fleet in mid-week, but yellows promptly took up the slack, with daily catches ranging as high as 2380.

SC Faces Tough Grid Schedule For '60 Season

LOS ANGELES — "A best-ever schedule for a best-ever team."

So stated the optimistic pre-season ticket brochure sent out by the SC ticket office earlier this summer. And there's no doubt about the "best-ever schedule" portion of the claim. Meanwhile, only time will tell on the "best-ever team" statement.

For the 1960 season, the Trojans will face one of the toughest schedules in collegiate football history. With a bye week-end splitting the campaign into two five-game segments, the SC eleven will meet Oregon State, Texas Christian, Ohio State, Georgia, California, Stanford, Washington, Baylor, UCLA, and Notre Dame on successive weekends.

But many Trojan followers feel that this year's aggregation will have the horses to match the schedule—with one big qualifying IF! If Head Coach John McKay's own words, "The Trojans can be as strong as last year IF we can replace the departed interior linemen and fullback losses."

Heading the list of returning gridders are the marvelous McKeever, Marlin and Mike. Both boys were first string All-American choices last season and appear headed for their best season as Trojans. Because of the questionable situation at the important fullback post, there's a chance that the durable 6-1, 230-pound Marlin may see some duty at that position. He's had fullback experience and has the ability to develop into one of the nation's top collegiate fullbacks in 1960.

Just For Fun, Elks Host Doubleheader

The Torrance Elks and Just For Fun will play in both ends of a double-header tonight at Torrance Park in the second round of the Southern California Municipal Athletic Federation (SCMAF) slo-pitch softball playoffs.

The respective Service League and Red League champs can qualify for an intra-city collision by both taking their respective tilts. The Elks meet Gardena VFW at 7:30 and JFF takes the field at 8:45.

Defending SCMAF champion Tappa Keggas were eliminated from the tournament in the first round Monday, 4-3 by the Firestone Old Timers from South Gate, who copped the crown in '58. Five Torrance teams are chasing the '60 championship.

The Elks blasted Shop 111726 from Long Beach 8-3, and JFF took its opener 2-1 from Hi Grade (South Gate) Tuesday.

Columbia ERA was eliminated by the Gardena VFW. The Torrance Herald went against the Rio Hondo Dads last night in Los Angeles.

Local Man to Drive Sprite In Road Races

A crowd of 25,000 sports car and motorcycle fans are expected to be on hand for the 14th running of the Santa Barbara road races this weekend.

MORE THAN 235 sports car entries have been accepted and a total of 21 racing events will be presented during the two-day show. These will include two events for grand prix motorcycles each day and a 3-lap sprint for the famous French Bugattis on Sunday.

Included in the list of entrants are Jack Lyon of Torrance, who'll pilot an Austin Healey Sprite and Chuck Towers, Redondo Beach, who'll drive a 3-litre Ferrari Testa Rossas.

HEADLINING the big-bore entry list is international driving star Carroll Shelby. Shelby, last year's Le Mans winner, will be driving Max Balchowsky's Old Yeller Buick Special.

Ranking as co-favorite with Shelby is Jim Connor of Phoenix in the Stan Sugarman Type 61 "Birdcage" Maserati. Connor recently won the main event at Vaca Valley near Sacramento when the Balchowsky car went out with gearbox trouble.
